Professional Summary

BCA graduate with strong knowledge in Java Full Stack Development including Java, Spring Boot, Hibernate, MySQL, HTML, CSS, and JavaScript. Experienced in building REST APIs and implementing JWT authentication in a microservices architecture. Currently developing a job portal application (SmartHire) using Spring Boot microservices. Seeking an entry-level software developer role to apply technical skills and contribute to scalable applications.

Technical Skills

Programming: Java, JavaScript, SQL

Frontend: HTML, CSS, JavaScript, React

Backend: Spring Boot, Microservices Architecture, Hibernate (JPA), REST APIs

Database: MySQL

Tools: Eclipse, Postman

Project

SmartHire – Job Portal Microservices Application (In Progress)

Technologies: Java, Spring Boot, Microservices, Hibernate (JPA), JWT, MySQL

- Developing a job portal backend using **Spring Boot microservices architecture**.
- Implementing an **Authentication Service** to generate and validate JWT tokens for secure user login.
- Building a **User Service** to manage candidate and recruiter profiles using REST APIs.
- Using **Hibernate (JPA)** for object-relational mapping and database persistence with MySQL.
- Designing and testing REST APIs using **Postman** to enable communication between microservices.

Education

Bachelor of Computer Applications (BCA) MVM College of Arts Science and Management, Bengaluru
2022 – 2025 CGPA: 8.26

PU – Science Morarji Desai Residential College, Bengaluru
2020 – 2022 72.6%

SSLC Morarji Desai Residential School, Pavagada
2015 – 2020 89.92%

Training

Java Full Stack Developer Training

- Core Java and Object Oriented Programming
- Spring Boot, Hibernate, and REST API Development
- Frontend development using HTML, CSS, and JavaScript

Strengths

- Capable of working efficiently under pressure while maintaining quality
- Ability to develop scalable backend applications

Languages

English, Kannada, Telugu
